A screenshot of a data table interface. At the top, there is a search bar labeled 'Search Results' with a magnifying glass icon. To the right of the search bar are several icons: a gear, an envelope, a person, a plus sign, a minus sign, a trash can, and a refresh icon. Below the search bar, the table has two columns: 'customerName' (varchar) and 'totalPurchase' (decimal). Each column has a sort icon (two arrows) and a filter icon (a funnel). The table contains five rows of data, each with a greater-than icon to its left. The data is as follows:

	customerName varchar	totalPurchase decimal
>	Atelier graphique	22314.36
>	Signal Gift Stores	80180.98
>	Australian Collectors,	180585.07
